

PAYMENT PLUGIN FOR QUICKBOOKS®

Skipjack— the most advanced payment solution in North America— is now available for the #1 accounting software in the world.

The Skipjack Payment Plugin for QuickBooks® accounting software adds the power of Skipjack payment processing to your QuickBooks application.

Powerful Features

The Skipjack Payment Plugin offers a wide variety of features to simplify the process of accepting and managing payment data:

- supports card swipe devices and receipt printers for card present transactions
- PIN debit support for Canadian merchants (requires optional PIN pad)
- Easy to use “click and pay” interface
- Robust data support to aid in reconciliation and customer inquiries

Advanced Tools

Merchants using the Skipjack Payment Plugin have access to Skipjack’s full suite of payment management and reporting tools. This provides the ability to:

- void, refund and reauthorize a payment for a different amount
- generate a variety of reports to locate a specific payment or reconcile your bank deposits

The Skipjack Payment Plugin is powered by the Skipjack Transaction Network—North America’s leading payment gateway. Information about Skipjack can be found at www.skipjack.com.

Key Advantages

Easy access to payment options directly from within QuickBooks

Instant payment status feedback via real time processing

Improved productivity through fast data input options

Reduce incidences of fraud
